

What can we do for you?

> Compounds

- European leader in the production of high-quality latex-based mixtures
- Compounds and textile latex
- Most raw materials produced by EOC itself
- Industries: carpet, textile, automotive, transport
- Applications:
 - Binding and adhesion of pool material
 - Enhancing cutting consistency

> Latices

- Latices for the entire paper market: quality paper, art paper, packaging, labelling, etc.
- Great variety of non-woven lattices: filters, soles, diapers, back shelves, car seats, etc.
- Other industries: XSB latices for carpet and building industry

> Adhesives

- Based on environmentally-friendly raw materials
- Specialisations:
 - Water-based cold adhesives: paper and cardboard, insulation, wood, etc.
 - Hot melts: packaging, hygiene, graphics, construction, textile, labelling, taping, etc.
 - Cold seals: closing flexible packaging

> Surfactants

- High-quality, mild surface-active materials
- Basic ingredients for foaming cosmetics and fluid detergents
- Consistent quality and high level of purity
- Additives determining visual, physical or dermatological properties

> Emulsions

- Water-based polymers for textile, painting, coating and building industry
- Specialised in polyurethane and hybrid systems:
 - High-quality coatings resistant to external influences
 - Used in decoration (varnish), for plastics, tablecloths and carpeting, adhesives, etc.
- Growth markets: emulsions for ink, tape and labelling applications

The EOC Group develops compounds, lattices, adhesives, surfactants and emulsions in production units in Europe and Asia. EOC offers a wide range of **high-quality products** for the textile, carpet, automotive, non-woven, paper, cardboard, paint, adhesive, detergents and cosmetic industries.

> A passionate approach

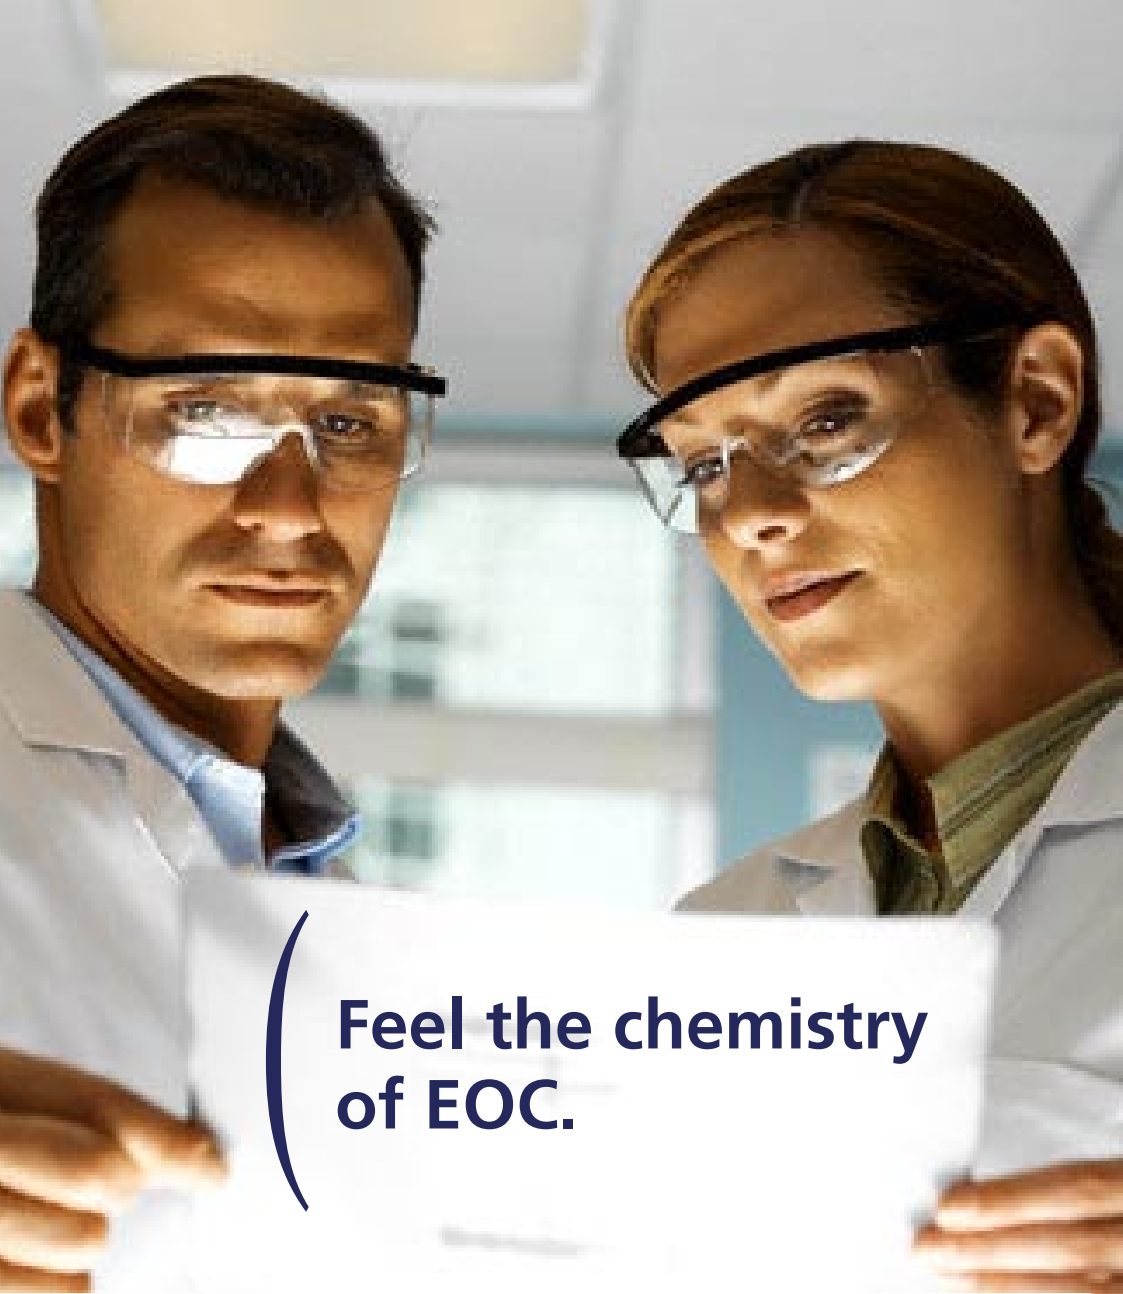

EOC combines its **worldwide** experience with the strength of a medium-sized **family business**. It gives our teams the ability to adapt their strategy to your requirements, thus turning EOC into a reliable partner for your business' specialised needs. A passionate approach that helps you realise – and even exceed – your ambitions.

Continuous innovation and environmentally friendly production are the key factors in EOC's relationship with its customers. Each innovation is tested to make sure it lives up to your expectations. And when your tailor-made components are ready, EOC guarantees a **24-hour delivery** of its complete product range.
